家庭事工：伍因信牧師 Family Ministry : Rev. Ignatius Ng
關顧事工：楊慧麗傳道 Caring Ministry : Pastor Lucy Yeung

November 8, 2021

Dear REC Church family,

We are writing to inform you about a COVID case in our church community. We were notified on Nov. 7, 2021 that an individual started feeling symptoms on Nov. 5, 2021 and has received a positive test. Vancouver Coastal Health will have directly contacted anyone considered a close contact. Anyone who attended the church building in the past few weeks can follow BCCDC guidelines for self-monitoring, testing and self-isolation, abiding by public health directions. Please note that for privacy reasons, we cannot provide any further specific details other than the information above.

We appreciate that parishioners will be concerned for this individual and their own well-being, which is why our church continues to have our health and safety procedures in place. These include, but are not limited to: registration for worship, logging temperatures, mandatory masks, social distancing and regular cleaning/disinfection before and after services as well as deep cleaning during the week. Your health and safety are of great concern to us and so we encourage any parishioners who feel any symptoms to make use of our hybrid worship online, through YouTube or Zoom.

If you need any pastoral support, please feel free to contact any of our pastoral staff directly.

Blessings in Christ,

REC Pastoral Staff and Church Council
